

Let's make **Zoonicorn Ice Cream**

Ingredients:

2 cups heavy cream

2 tablespoons vanilla

1 (14oz) can sweetened condensed milk

Neon food coloring (pink, purple, blue, green)

Rainbow sprinkles

Metal loaf pan or round cake pan

In a large bowl, whip heavy cream and vanilla together until stiff peaks form.

Add in the sweetened condensed milk and whisk until combined.

Separate the mixture into 4 bowls. Add food coloring to each one to your desired intensity. Mix well.

You should have one bowl of pink, one bowl of purple, one bowl of blue and one bowl of green.

Spoon mixtures into the loaf pan, alternating colors. Once all of the mixture is in the pan, take a knife and run it through a few times in a figure eight to swirl the colors together. Top with rainbow sprinkles.

Freeze for 3 hours or over night.
